

ROTARY FORK

Loader Mounted Rotary Fork

*All the benefits of the
standard model, but fits
on your loader!*

One person can now spread straw or shavings quickly and easily!

Standard Equipment:

- ◆ Fully operational Rotary Fork will mount directly to your loader's quick attach plate
- ◆ Uses heavy duty steel body hydraulic motor
- ◆ One inch spacing between tines, replacements available at TSC
- ◆ Two 1100 lb. swivel caster wheels for leveling, two for storing and moving
- ◆ Caster wheel swivel lock to help move it around, through doors and onto trailer
- ◆ Hydraulic flow control valve to control rotor speed
- ◆ Relief valve
- ◆ Very heavy frame and main shaft

**No additional cost options:
Quick Attach Plate
Hydraulic Couplers**
