

Tow Behind – Ideal for ATV and older lawn tractor spreading

- ◆ Option available on any machine except 10' model
- ◆ Includes standard pump & hoses
- ◆ You hook up your own power source to the pump shaft
- ◆ Tongue is removable, does not add to width of machine
- ◆ Rotary Fork is complete and can attach to blade any time you want

- ◆ Attach machine directly to your tractor without your blade
- ◆ Allows more solid attachment, but will not tilt from side to side
- ◆ Stays on machine while you move unit from floor to floor
- ◆ Ideal for flattening very thick straw

Steiner / Ventrac Blade

Steiner Weight

- ◆ Ships empty, weighs approx. 125 lbs, filled with concrete
- ◆ Gives more control of rotary fork
- ◆ Hitch included. Will also improve performance while pushing manure and mowing lawn
- ◆ Offers alternative to factory weights
